SEAMLESS ALUMINIUM GUTTERS

[www.longspangutters.com](http://www.longspangutters.com)

## **OUR VISION**

Is to be recognised as the market leader in the industry, renowned for our commitment to uncompromising quality and world-class service.

## **OUR MISSION**

Is to build sound customer relationships in order to establish our client's needs and to maintain and uphold service standards. We recognise and value the contribution our employees make towards achieving our Vision, and aim to motivate and empower our staff to work as a team in a meaningful and rewarding environment.

## **WE LEAD, OTHERS FOLLOW**

Established in 1980, Longspan Gutters has steadily grown into a group of well-established offices, with a "hands-on" management team of highly motivated people who strive for business excellence.

Setting the industry standard since 1980, our team of dedicated personnel has the expertise and experience to ensure that our customers receive the best products and services at the best possible price.

With offices, manufacturing and warehouse facilities in both Cape Town and Durban, and a sales facility in Pietermaritzburg, we're geared to offer our products and services with our mobile factory units throughout the provinces of the Western Cape and KwaZulu-Natal.

Longspan Gutters is committed to providing excellent service, quality installations, top-class

workmanship, high quality machine manufactured products and a nationwide distribution service that is unparalleled.

Longspan Gutters is a full-service gutter business. We're able to offer our customers in the residential, commercial and industrial markets a comprehensive solution to most configurations by providing standard roll-formed gutters on site, purpose-made gutters, fascia and barge board replacements, purpose-made cladding and flashing. We're confident that our knowledge and experience in our industry will allow us to remain the market leaders.

All of Longspan Gutters installations carry a 1 year warranty and with our belief that "the customer is king", we continue to ensure that we're committed to delivering sales service that exceeds expectations.

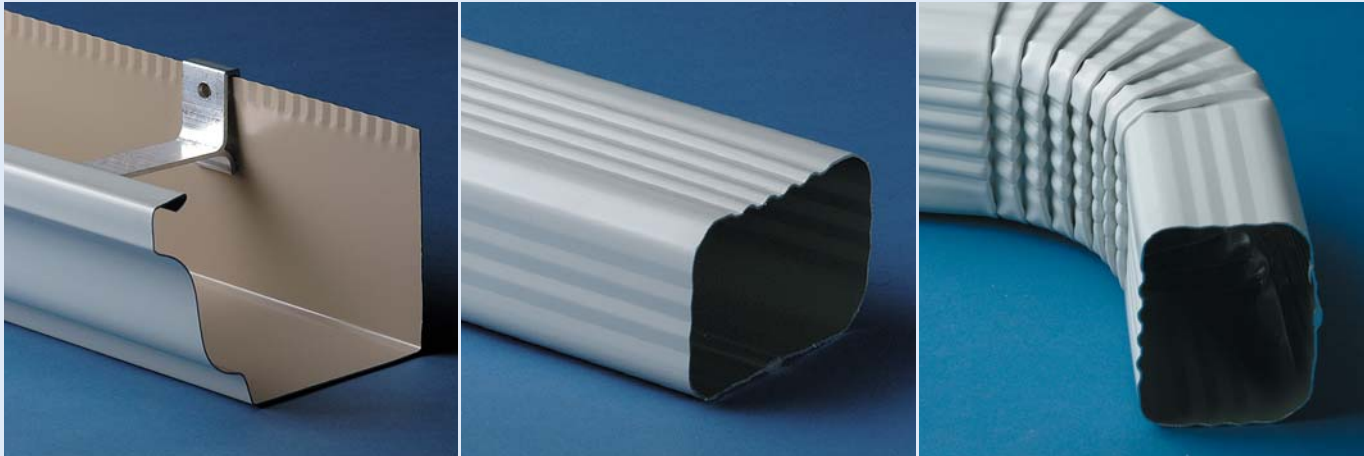

**Longspan Gutters** - Cape Town, South Africa

6 Monaco Road, Killarney Gardens,  
Cape Town 7441

**Longspan Gutters** - Durban, South Africa

10 Time Business Park, 32 Kubu Avenue, Riverhorse  
Valley Business Estate, Durban 4017

**Longspan Gutters** - Manufacturers, distributors and installers of quality seamless aluminium guttering since 1980.

**Forming** - Our gutters are roll-formed on site to precise lengths through our gutter machines housed in our mobile factory units. The process is fast, efficient and hassle-free. Our seamless aluminium gutters are guaranteed not to fade, leak or rust.

80mm diameter  
110mm diameter  
160mm diameter

### LONGSPAN GUTTERS IS AN ENVIRONMENTALLY RESPONSIBLE COMPANY

We incorporate the use of environmentally friendly, recyclable aluminium products in the manufacture, distribution and installation of our water-efficient rain water goods. Any waste material generated from sites which we've worked on is carefully removed and disposed of through environmentally responsible practices.

\*Our 15 Year Guarantee Certificate is available for inspection.

**Manufacturing** - Our dedicated team of full-time operators manufacture world-class aluminium rain water goods using state-of-the-art machinery from our factories in Cape Town and Durban.

### **Gutter Installation**

The installation process is undertaken by a highly skilled workforce. All of Longspan Gutters personnel are employed by the company and as a result no work is undertaken by outside contractors. This makes for speedy, efficient and stress-free installations for our customers peace-of-mind.

The lightweight gutter can be fixed to anything - fascia boards, rafter ends, walls or hung from the roof itself. All gutter brackets are made from tempered aluminium. The brackets are a concealed fix system, thus enhancing the overall aesthetic of the pleasing gutter profile.

The gutter is seamless - no joins, no leaks, no rust, no unsightly external brackets and is maintenance-free.

Our staff continue to strive for excellence in the workplace by attending formal learnership workshops and receive on-going training and support from our dedicated management team.

On-site safety for our staff is of paramount importance to us. They're fully trained and regularly updated on quality and safety management. This ensures complete customer peace-of-mind.
